

Teaching CO awareness: Household hazards prompt cards

Note: cut out the cards before using.

Bottles of cleaning products kept under the sink	Having a smoke detector in your house	Not having a guard on an open fire
Medicines kept in an unlabeled jar where small children can reach them	Using an old boiler that hasn't been checked by an engineer	Plugging something in near a sink
Leaving a hot iron on the ironing board	A puddle of spilled water in the kitchen	Smoking inside the house
Birds nesting in your chimney	Leaving the hot tap running	Standing on a chair to reach a high shelf

Carbon Monoxide Awareness. Independent Registered Charity No. 1125755
